

Corrected Preliminary Amendment Accompanying Request for Continued Exam
U.S. Serial No. 09/821,636
September 19, 2004

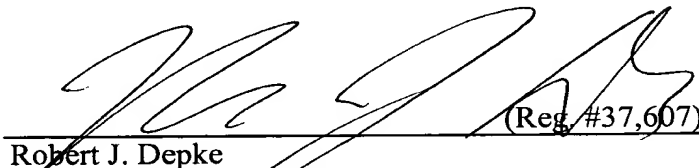

REMARKS

Applicant has herein modified the claims to more specifically define the invention.
Applicant submits that the prior art provides no teaching or suggestion whatsoever regarding the claimed distinct voltages applied to the first and second gate electrodes.

Respectfully submitted,

Date: _____

2/17/05
